

TOUR

April is New Homes Month

PRODUCED BY THE ADVERTISING DEPARTMENT IN PARTNERSHIP WITH THE MASTER BUILDERS ASSOCIATION

Opportunities abound at free new homes tour April 19-20 and 26-27;
noon-6 p.m. unless designated otherwise

The Master Builders Association invites you to the third Buy New Buy Now Tour of Homes. The listings in this special section are among the finest new construction throughout King and Snohomish counties in all price ranges. Whether you're in the market for a new single-family home, condominium or town home, gathering ideas because you plan to build, or just window-shopping, this tour offers an array of housing opportunities. To take this free tour:

- Use this special section to choose the listings you want to see or visit www.buynewbuynowtour.com.
- Look up the listings on the builders' Web sites to get directions to specific homes. If you are interested in a "green" home, look for the Built Green icon.
- No ticket or pass is required; just go to the locations you want during the designated dates and times.

Every home on this tour was built by a member of the Master Builders Association of King and Snohomish counties. All of our contractor members are registered, offer a minimum one-year warranty and are bonded and insured.

Now is a great time to buy a new home.
