Lap Siding with Shutters

Snowberry

The Snowberry was hailed by Thomas Jefferson as a fine addition to his garden, sporting some of the most beautiful berries he had ever seen. Jefferson had received some seeds from the Lewis and Clark expedition and successfully cultivated the bush. The deciduous Snowberry has bell shaped pink and white flowers that eventually go to seed in handsome clusters of bright white berries—not to be eaten, however, just admired and perhaps added to your flower arrangements for texture and interest!
