**Fern (1186-0 A)**  
Board/Batten Gables with Shingles

Surely the feathery, frolicsome fern is a Northwest favorite for adding texture to gardens, luminous color to hiking trails and a cornucopia of size, type and geology for avid discussions among botanists. Sword ferns, deer ferns, lady ferns, oak ferns and licorice ferns, are a few of the types that happily grow in our varied climate.

**Fern (1186-0 B)**  
Shingles with Lap Siding
